***NEW "AGE LEVEL" DIVISIONS FOR ALL EVENTS! (These were previously "Grade Level" Divisions.)**
The WSSA has made this change in order to accommodate current and future sport stacking tournaments all around the world where ones "age", not "grade" is universal. A stacker's Age Division coincides with their age on the day of the tournament (April 9). Stackers will compete in the following Age Divisions listed above. (Special Stackers will qualify to compete in one of two "Levels" in their Age Division except for "Doubles" as noted above. Their 3-6-3 time will determine a Stacker's Level. The qualifying time for Level 1 is 15.99 or under, the qualifying time for Level 2 is 16.00 seconds or over.) Please understand the new **Age** Divisions are not much different than the old **Grade** Divisions. Kids in the same grade can still compete on the same team even though they may be 1 year apart! Remember, you can "play up". For example, a 7-year-old 2nd grader can compete on the same team as his/her 8-year-old buddy also in the 2nd grade! They simply compete in the 8 & under division of the Team Relay Event.
